

Global Direct settlement network

Cigna offers you with an extensive provider network that now details information on more than 1000 pre-screened doctors, dentists, hospitals, and clinics in more than 100 countries worldwide. We selected those providers whom we consider to be among the best in their geographic area, based upon a number of different selection criteria. By selecting one of our network providers you will receive optimal discounts. In addition, these providers will work directly with Cigna to manage the payment for services. It is important that you always present your Cigna ID card to the provider when accessing services. The online directory is searchable by country, city, provider type, specialty and provider name.
